

NADI FANS FOR AUTOMOTIVE PAINT SHOP

ENGINEERED FOR
EXCELLENCE

With over 70 years of experience in manufacturing of industrial fans and blowers, NADI Airtechnics offers high quality industrial fans to global customers across multiple industries. NADI is certified for ISO9001, ISO14001, ISO45001 and AAR by TÜV Rheinland, Association of American Railroads, TÜV Nord group for standards.

NADI's products are manufactured at its state-of-the-art facility located in Chennai, India using manufacturing equipment incorporating the latest European and American technology. We have completed many successful supplies to various paint booth manufacturers and automobile industries. We have a proven track record of successfully completing complicated challenges and unique applications.

The critical aspect in paint booth application is Airflow must be even. Moreover, Paint booths need to be engineered thoroughly to move air at proper rates while maintaining a clean painting environment and also complying to the drying time requirements
